What Has Happened in the Territory Since Our Last Issue.

ALL KINDS OF INFORMATION.

few Business Enterprises—Good Year for the Man With the Hoe, and the Owner of Live Stock—Everybody Except the Editor Expects to Have Money to Burn.

President Andrew Kimball has declined to be a candidate for the territorial council, but expresses his willingness to stand for the assembly on the democratic ticket.

The Clifton ball team will start on an extended trip about September 1, playing at El Paso, Bisbee and other places. A game will be played with the Bisbee team at Clifton in two weeks. Clifton has a strong team.

President Roosevelt has issued a proclamation creating the Mt. Graham forest reserve, setting apart nearly the whole of the mountain not already appropriated by the Fort Grant military reservation. It is an immense tract.

It is reported that Mr. J. O. Dunbar has taken a turn for the worse, and now serious fears for his recovery are entertained. His son, Will Dunbar, left to attend his father's bedside. Mr. Dunbar is now in Los Angeles.—Enterprise.

Judge Wilcox received a letter from President Roosevelt a few weeks ago stating that Mr. Morrison of Santa Fe, New Mexico, had been appointed internal revenue collector and there was no vacancy to be filled in that office.—Bisbee Review.

In accordance with a proclamation issued by President Roosevelt on July 30, a new forest reserve was created in Cochise county. It embraces five townships in the Chiricahua mountains, and will be known as the Chiricahua forest reserve. There is some valuable timber land in these hills.

Delegate Smith has appointed Joseph S. Fish, of Navajo county, cadet to West Point Military academy, to take the place of Cadet Alexander Pendleton, who was recently expelled from the academy upon being found guilty of hazing by a military court.—Enterprise.

Some of the cattlemen around Willcox are talking of buying automobiles to run cattle with. Those Willcox fellows are imitators. Our own Wakefield and Vail started the "fad" of using these handy conveyances after cattle and now all the boys want them.—Tucson Post.

Mrs. Ed Lyell, wife of Ed Lyell, died quite suddenly last Friday evening. Mr. and Mrs. Lyell have conducted restaurants in various portions of the territory, and the deceased had a wide acquaintance in Arizona. Mr. Lyell is seriously ill and doubts are entertained as to his recovery.—Douglas International.

The handsome two story brick residence of Mr. A. A. Zimmerman, in Brill's addition, Phoenix, was destroyed by fire last Thursday night. The fire company succeeded in saving a fine piano and most of the furniture. The explosion of an oil lamp caused the fire. Loss, \$8,000; insurance on house, \$2,500; furniture, \$500.

William C. Davis, vice president of the Consolidated National bank, of Tucson, died at the residence of his daughter, Mrs. Williams, at San Jose, California, August 11. Mr. Davis was over 60 years old. He was a native of western Pennsylvania, and has resided in Tucson since 1869. He left Pennsylvania in 1867 and came across the plains, arriving in Arizona in '69. He left a valuable estate.

The Santa Fe railroad is preparing to spend a million on improving the roadbed in Arizona and southern California. The track will also be oiled from Ash Fork east to Albuquerque, the track already having been oiled west of Ash Fork. A large force of men will soon be set to work placing the track in the best of shape, and when completed fast trains will be placed in service.

W. D. Fulwiler, of the finance committee of the right-of-way committee of the Phoenix & Eastern railway, was out interviewing the people in regard to subscribing money towards purchasing the right-of-way for the railroad to Mesa. Phoenix and vicinity has subscribed liberally but the south side has taken no active steps as yet towards raising any money, though as soon as the chairman of the south side committee returns Tempe and Mesa will probably subscribe.—Republican.

Last Wednesday H. Torvea and Charles Dixon were out hunting in the Buckeye country. They were stand-

ing close together, when the shotgun carried by Dixon and from which he was attempting to extract a shell, was accidentally discharged. The charge of shot struck Mr. Torvea in the foot. The shot was very fine, and caused a very painful, but it is not thought dangerous wound. Mr. Torvea was in town yesterday to have the wound attended to by Dr. Duffield.—Enterprise.

It is reported that the Octave company, operating near Congress, has struck a body of extremely rich ore at the 900-foot level of their mine. The ore is said to go as high as \$200 per ton, and the ore body is five feet wide, though it is probable that the entire width of the body does not give the above values.

George W. Atkinson and W. D. Bloxton, two of the largest horse owners of Santa Cruz county, have entered a protest against paying the assessment of \$10 per head on their range horses, claiming that they are willing to take \$2.50 a head for them. They are now contemplating rounding up all of their mares and shooting all but 20 per cent of the best of them.

Sam King, who has been with W. C. Greene at Cananea ever since Mr. Greene first started work on those famous mines, has come to Tucson to engage in the cattle and mining brokerage business with his brother, Frank M. King, the well-known broker. Sam, besides being a good cowboy, is considered one of the best practical miners in Arizona, and he will devote most of his time to that end of the business. The new firm will be known as King Brothers.—Tucson Post.

Wm. F. Cooper has returned to the city from Los Angeles, where he went with a view of locating. Mr. Cooper has given up the idea of removing to Los Angeles and will remain here. His return puts a new light on the political situation this fall, for, although he expressly stated before leaving that under no circumstances would he be a candidate again for the office of district attorney, a great many friends have asked him to consent to run, and he has decided that if the convention sees fit to nominate him he will accept.—Tucson Post.

The Territorial Federation of Labor was organized at Prescott recently, and agreed to affiliate with the Western Federation of Miners. The officers elected are: President, John Ryan, of Prescott; vice-president, J. W. Sharkey; second vice-president, W. J. Younger; third vice-president, L. H. Dawley; secretary-treasurer, Albert Ryan, of Jerome. A resolution was adopted to oppose any candidate known to have voted in the legislature against the eight hour bill, mine inspector's bill, freight and fare bill, anti-black list bill, or any other bill in the interest of organized labor. Also, a resolution was passed boycotting the Arizona Republican for alleged insinuation against the Congress miners union in connection with the blowing up of the Congress pumping plant.

News has just been received of the sudden death of a cowboy named Lacey, who was in the employ of a cattle company near Baker's butte, on the Mogollon rim. The young man was riding the range when a storm came up. The lightning struck all around, but the cowboy paid no attention to the bolts, as electrical storms are of frequent occurrence in that country. A bolt struck him square between the shoulders, the current then traveling down his body and escaping through both feet. The heels of both shoes were cut off, while the socks he wore remained in place on both feet. It is supposed that this was due to a heavy pair of spurs worn by the cowboy, which served as a magnet for the current to spend its force on. A remarkable feature of the affair was that the horse ridden by the cowboy was uninjured save being slightly stunned.—Republican.

A Necessary Precaution.

Don't neglect a cold. It is worse than unpleasant. It is dangerous. By using One Minute Cough Cure you can cure it at once. Allays inflammation, clears the head, soothes and strengthens the mucous membrane. Cures coughs, croup, throat and lung troubles. Absolutely safe. Acts immediately. Children like it. Throat Troubles

"Bardwell, Ky., where I live, is in the extreme western part of the State and only a few miles from Cairo, Ill., where the Ohio empties into the Mississippi River. It may be that throat troubles are common here because of location, but whatever the reason, I find it wise to constantly keep a supply of Acker's English Remedy for Consumption on hand. It is the best thing I ever came across for coughs, colds and throat troubles, and I have used it in my family for years. No druggist here can be depended upon to have it always, so I am writing this letter to W. H. Hooker & Co., 220 Broadway, N. Y., to order a dozen bottles at a time. My wife is bothered lately with sore throat and difficult breathing, but just as soon as the dozen bottles get here, I will give her a few doses, and she will certainly be well again. I expect to write another letter in a short time saying my wife is cured, for I feel absolutely sure it is what she needs." (Signed) T. A. WHITE.

Sold at 25c., 50c. and \$1 a bottle, throughout the United States and Canada—and in England, at 1s. 2d., 2s. 3d., 4s. 6d. If you are not satisfied after buying, return the bottle to your druggist, and get your money back. We authorize the above signature. W. H. HOOKER & CO., Proprietors, New York.
